APPLY FOR A WASHINGTON STATE MULTISTATE LICENSE Practice via telehealth in all Nurse Licensure More than 2 million nurses can practice teach distance education

in other NLC states

BENEFITS OF THE MSL

 Access to Care: Expands access to nursing services across the country, including underserved communities.

Compact (NLC) states

- <u>Telehealth</u>: Provide telehealth services without having to get additional licenses.
- <u>Disaster/Pandemic Relief</u>: Immediately cross state borders to provide vital services.
- <u>Military Families</u>: Military spouses seamlessly continue working without having to get a new license.
- Online Education: Reduces educators' need for multiple licenses.
- Cost Effective: Makes practicing across state borders affordable and convenient.
- <u>Flexibility</u>: Choose a single or multistate license based on interests and eligibility.

PRACTICE IN 41 STATES

in all NLC states

WA joined the NLC in Jul 2023, and will start issuing Washington MSLs on Jan 31, 2024.
